

Dear Parents and Carers

Stevensville Primary School is looking forward to another great year of teaching and learning and would like to advise you of our school's voluntary financial contributions for 2025.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to provide an enriched learning and teaching program for every student and is valued by our school community. The commitment from parents to contribute, benefits students and results in improved achievement outcomes, wellbeing and engagement in learning. At Stevensville Primary School, we design and develop learning and teaching programs drawing on the best educational knowledge and practices and strive to offer broad and enriched opportunities to students that are above and beyond what is required in the standard curriculum and what is provided for by Government funding.

The support has also allowed us to continue to provide a differential curriculum that responds to the learning of all students, provide essential learning resources to students, renew and enhance the provision of digital technology throughout the school and improve assessment practices to ensure teaching is targeted to a student's next learning step.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Leanne Keane
